Pritzker Administration Announces Six New Retailers for SNAP Recipients to Buy Food Online

Access is available for all Link card holders; Customers will not need to call or visit an office; Traditional SNAP purchasing will continue

CHICAGO - Governor JB Pritzker and the Illinois Department of Human Services (IDHS) announced today that the U.S. Department of Agriculture (USDA) has approved six new retailers, significantly expanding the options for Illinois' 1.8 million SNAP recipients to purchase groceries online. The newly approved retailers include Capri IGA, County Market, FairPlay Neighborhood Market, Schnucks, Supermercados El Guero, and Woodman's Market, which, operate a combined 83 stores across Illinois.

"Every resident in Illinois deserves equitable access to healthy food options, regardless of their income level or the neighborhood they call home. This latest round of expansion for online SNAP retailers is helping make that a reality for thousands of SNAP customers across the state," **said Governor JB Pritzker.** "By launching online purchasing over a year ago during the pandemic, my administration continues to provide families with new and easier ways to shop for food in Illinois."

The USDA first approved IDHS' SNAP EBT Online implementation plan in June 2020, which gave SNAP customers the ability to enter their Personal Identification Number (PIN) to purchase groceries online. All SNAP recipients with Link cards in Illinois are able to participate.

With the addition of Capri IGA, County Market, FairPlay Neighborhood Market, Schnucks, Supermercados El Guero, and Woodman's Market, Illinois residents now have a total of nine online options for SNAP families. ALDI, Amazon, and Walmart also accept online orders in Illinois. Additional grocery retailers interested in the program can find more information and apply at <http://www.fns.usda.gov/snap/online-purchasing-pilot>.

JB Pritzker

Secretary

"We are so pleased that our partners at the USDA approved six new retailers for SNAP online in Illinois," **said IDHS Secretary Grace B. Hou.** "We are here to strengthen underserved communities throughout the state. Families in Illinois who have been hit hard by the pandemic will benefit from more grocers offering SNAP online."

The USDA requires all SNAP authorized retailers, including authorized online retailers, to ensure SNAP benefits are used to purchase eligible food items. A list of eligible food items that can be purchased using SNAP benefits is available here:

<https://www.fns.usda.gov/snap/eligible-food-items>.

Illinois residents can use the [SNAP eligibility calculator](#) to determine if they are eligible for SNAP benefits. IDHS has an additional resource page for SNAP benefit amounts and eligibility limits that can be viewed here:
